Telephone for Kona.

Mr. Aungst, lately manager of the Mutual Telephone Co., Honolulu, is making a canvass of the settlers of North and South Kona, Hawaii, with a view of starting a telephone line in the district. Such a line would complete the circuit of the island and would prove very useful not only to the local residents but also to Government officials in communicating with Hilo, the headquarters of the island. Mr. Aungst reports having met with fair encouragement so far, most of those to whom he has spoken being strongly in favor of a line. The white settlers, however, in Kona are as yet so few in number that it is hardly probable that they will form enough subscribers to pay unless the Government comes to the aid with a liberal grant to help construct that portion of the line running from Kona to Kailua.

A Great Battle

Is continually going on in the human system. The demon of impure blood strives to gain victory over the constitution, to ruin health, to drag victims to the grave. Hood's Sarsaparilla is the weapon with which to defend one's self, drive the desperate enemy from the field, and restore bodily health for many years.

Timely Topics

December 29, 1894.

The movement to widen Beretania street from Punchbowl street to the Nuuanu stream is a matter which should receive the favorable consideration of the government because it is of interest to every one. It comes directly under the head of improvements and a petition to Minister King would probably have his approval when it was brought up for consideration. There are not many finer drives than on Beretania street from Punahou street to Punchbowl street, but there the squeeze begins and the good road ceases. To widen the street would not benefit any one man or set of men, the benefit would be to the masses. Good roads are as much an advertisement for a community as anything else, visitors are influenced one way or another by the pleasure derived from a drive through a city; if the streets are narrow and the roads poor they are apt to say the people in authority are "just a little Peoria," if on the other hand, they are broad and smooth the solons are said to be "up to date." Washington, D. C., owes much of the favorable comment passed upon it to its elegant streets; they are written and talked about so much that they are as well known as the Capitol itself. The streets of Honolulu are well known to people who visit the place, but the acquaintance may be strengthened by widening Beretania street.

The Dietz Oil Stove is as good a thing as anyone wants in the kitchen. It bakes, boils, broils and fries as well as a coal or wood stove at less cost and in less time. We consider the Dietz as good an oil stove as is made—the people who have purchased them agree with us. Enamel Bath Tubs are the most serviceable things a man can have for his bathroom—they will outlast Old Time himself and always look new. They cost more than a zinc lined tub, but an enamel one will outlast a dozen of the others, consequently it is cheaper in the long run to buy a good one in the beginning. There's no reason in the world why a bathroom should not be at all times as presentable as a parlor, but it will not be if the tub is dirty—you can't keep a zinc tub clean any more than you can keep a polish on a piece of lead. You can get almost any size and finish tub you want from us.

We are in the line of advancement in Western Civilization, and as the town fills up with strangers, we must expect to find among new arrivals people who neither toil nor spin for a livelihood. Against such people you want to lock your chicken house and put away your valuables. We are selling the Victor Iron Safe, in sizes suitable for your business or your dwelling. This is the safe most used by Postmasters in the United States and will be here once it becomes known that we are selling them. Refrigerators are selling rapidly with us, possibly because people are getting ready for the new order of things in the ice business. We have the stock and can show you almost any size and in any style.

THROAT COMFORT

FOR EVERYBODY.

Nothing heretofore known is anything like so useful.

Few are so free from catarrh and other affections that touch the throat as to have no need of relief from "tickling" or "dryness" or "rawness" or "irritation" or "inflammation" of the throat, or to have no need of help in the use of the voice, as in talking or reading aloud or singing.

It gives the throat rest.

FOR SPEAKERS AND SINGERS.

THROAT COMFORT will give you such voice as is not to be got in any other way.

Such statements are common; you don't believe it. Try one tablet—let it dissolve in the mouth.

COLD IN THE HEAD.

At the beginning of a cold, when you have the chilly feeling, a tablet every ten or fifteen minutes will generally prevent the cold.

It is a tonic for the stomach as well as for the throat.

BELIEF OF PAIN.

In all painful throat diseases, such as tonsillitis and quinsy, THROAT COMFORT gives relief beyond your expectation.

Many troublesome throat disorders are kept up by incessant "clearing of the throat" or by coughing. The rest that THROAT COMFORT gives, in such cases, is all that is needed to let the throat get well.

There is no harm in any amount of it. It will not even upset the stomach, unless sugar does.
